E.P. Shephard Feb 1939

The son of a Hudson's Bay factor and an Eskimo wife.

Was a small man and native in general stature and gait — very quiet in movements — lived in. Came to Bath in 1850

Had been favored by the Norquay who was prominent in politics of Manitoba & who was Lieut-Gov? of that province.

Norquay sent him to Edinburgh to be educated as a doctor

Walked from Bath to Hudson's Bay in winter on snow-shoes. This was after he had begun practice in Bath. marr. a sister-in-law of Dr. Ross, of Odessa, Ont.

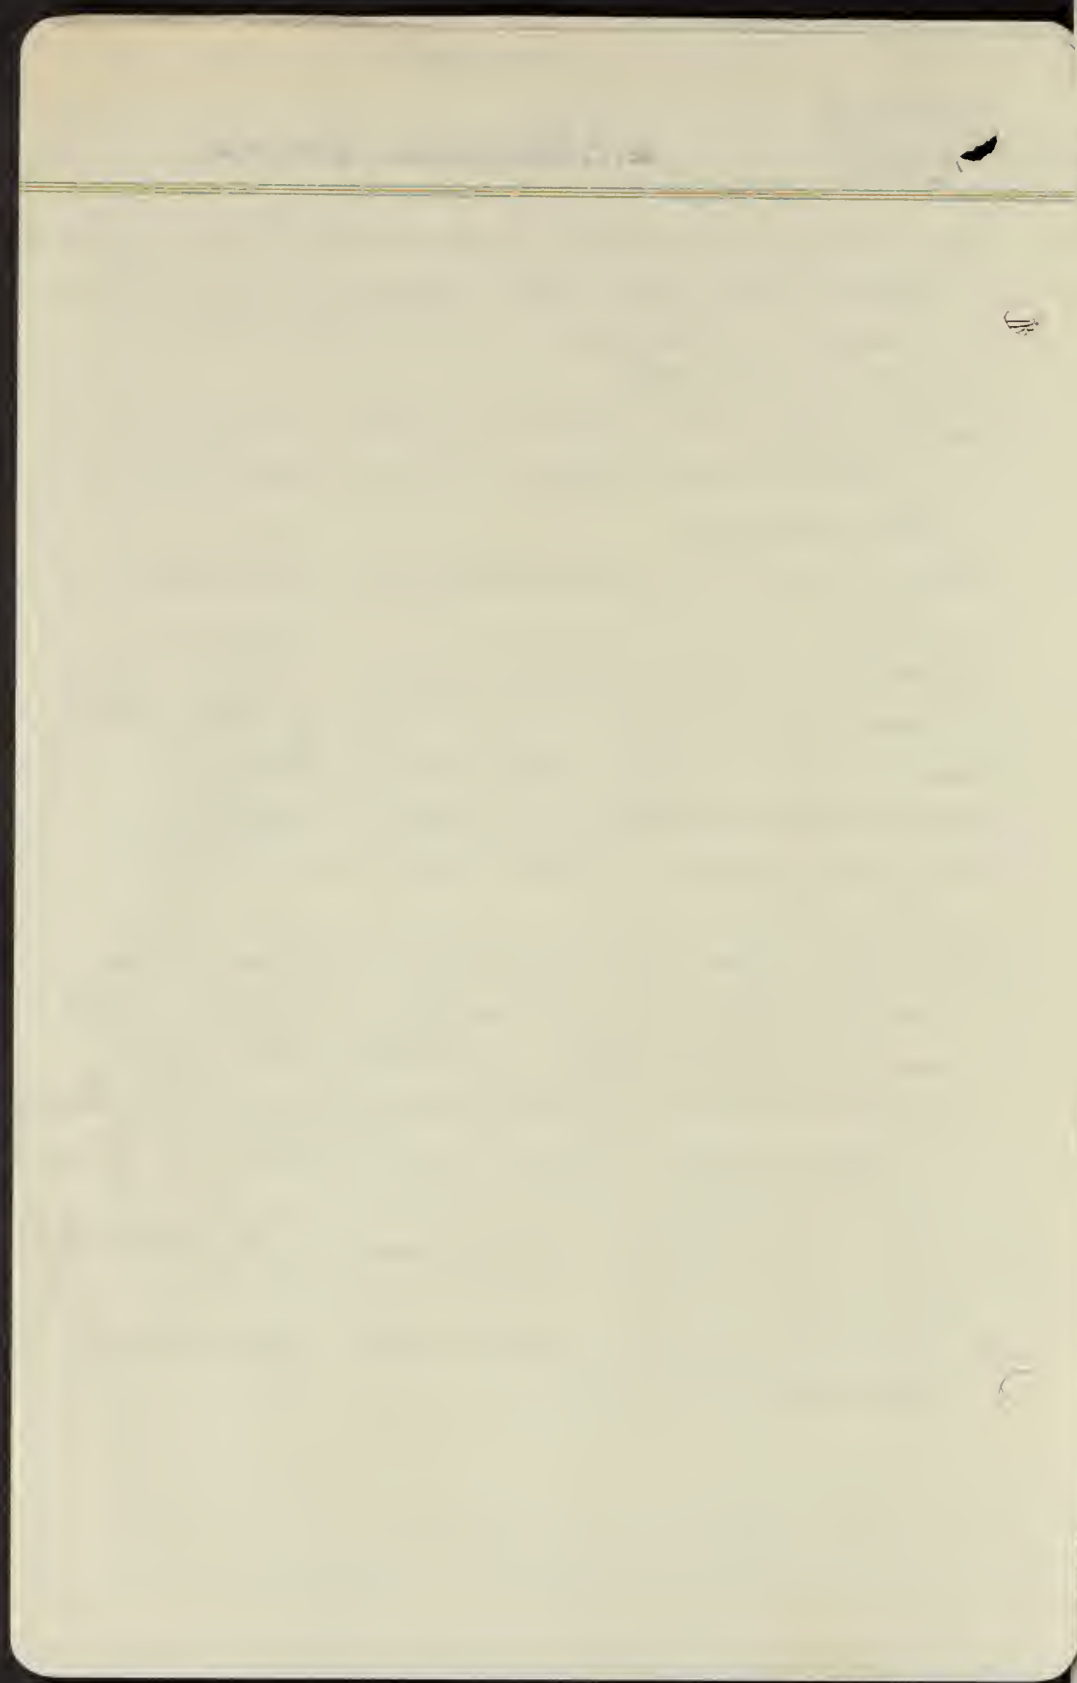

On return from Scotland he settled in Bath.

Memorial plaque in Bath Angl. Ch. gives dates as 1821-1911

Had a son, Alex, who also became doctor. Alex married Ida Howard, dau. of T. E. Howard. Alex. was ed. at Edinburgh & Ann Arbor, Mich. Joined forces at outbreak of Rebellion of 1885. Went to Winnipeg in winter & ran a hospital in connection with army. Was at Baloch, Cut Knife Creek

Dr. Rod. lived in house now occupied by Mrs. Robt. Mott (across from Masonic Hall 1939).

Dr. Alex lived in house now occupied by John. Morrow. This was built for him.

Dear Dr. Durling,

I thank you very much for the privilege afforded me in our recent task on the subject of the Ross Family.

Our party, thanks to your directions, was able to locate the site of the old church, in fact part of the foundation as well as that of the shed is still visible. Mrs. White took us to the location, and I understand that she has possession of the Sheepskin deed to the property.

Incidentally, Dr. William Sarles was a distant relative of mine, contrary to my knowledge at the time.

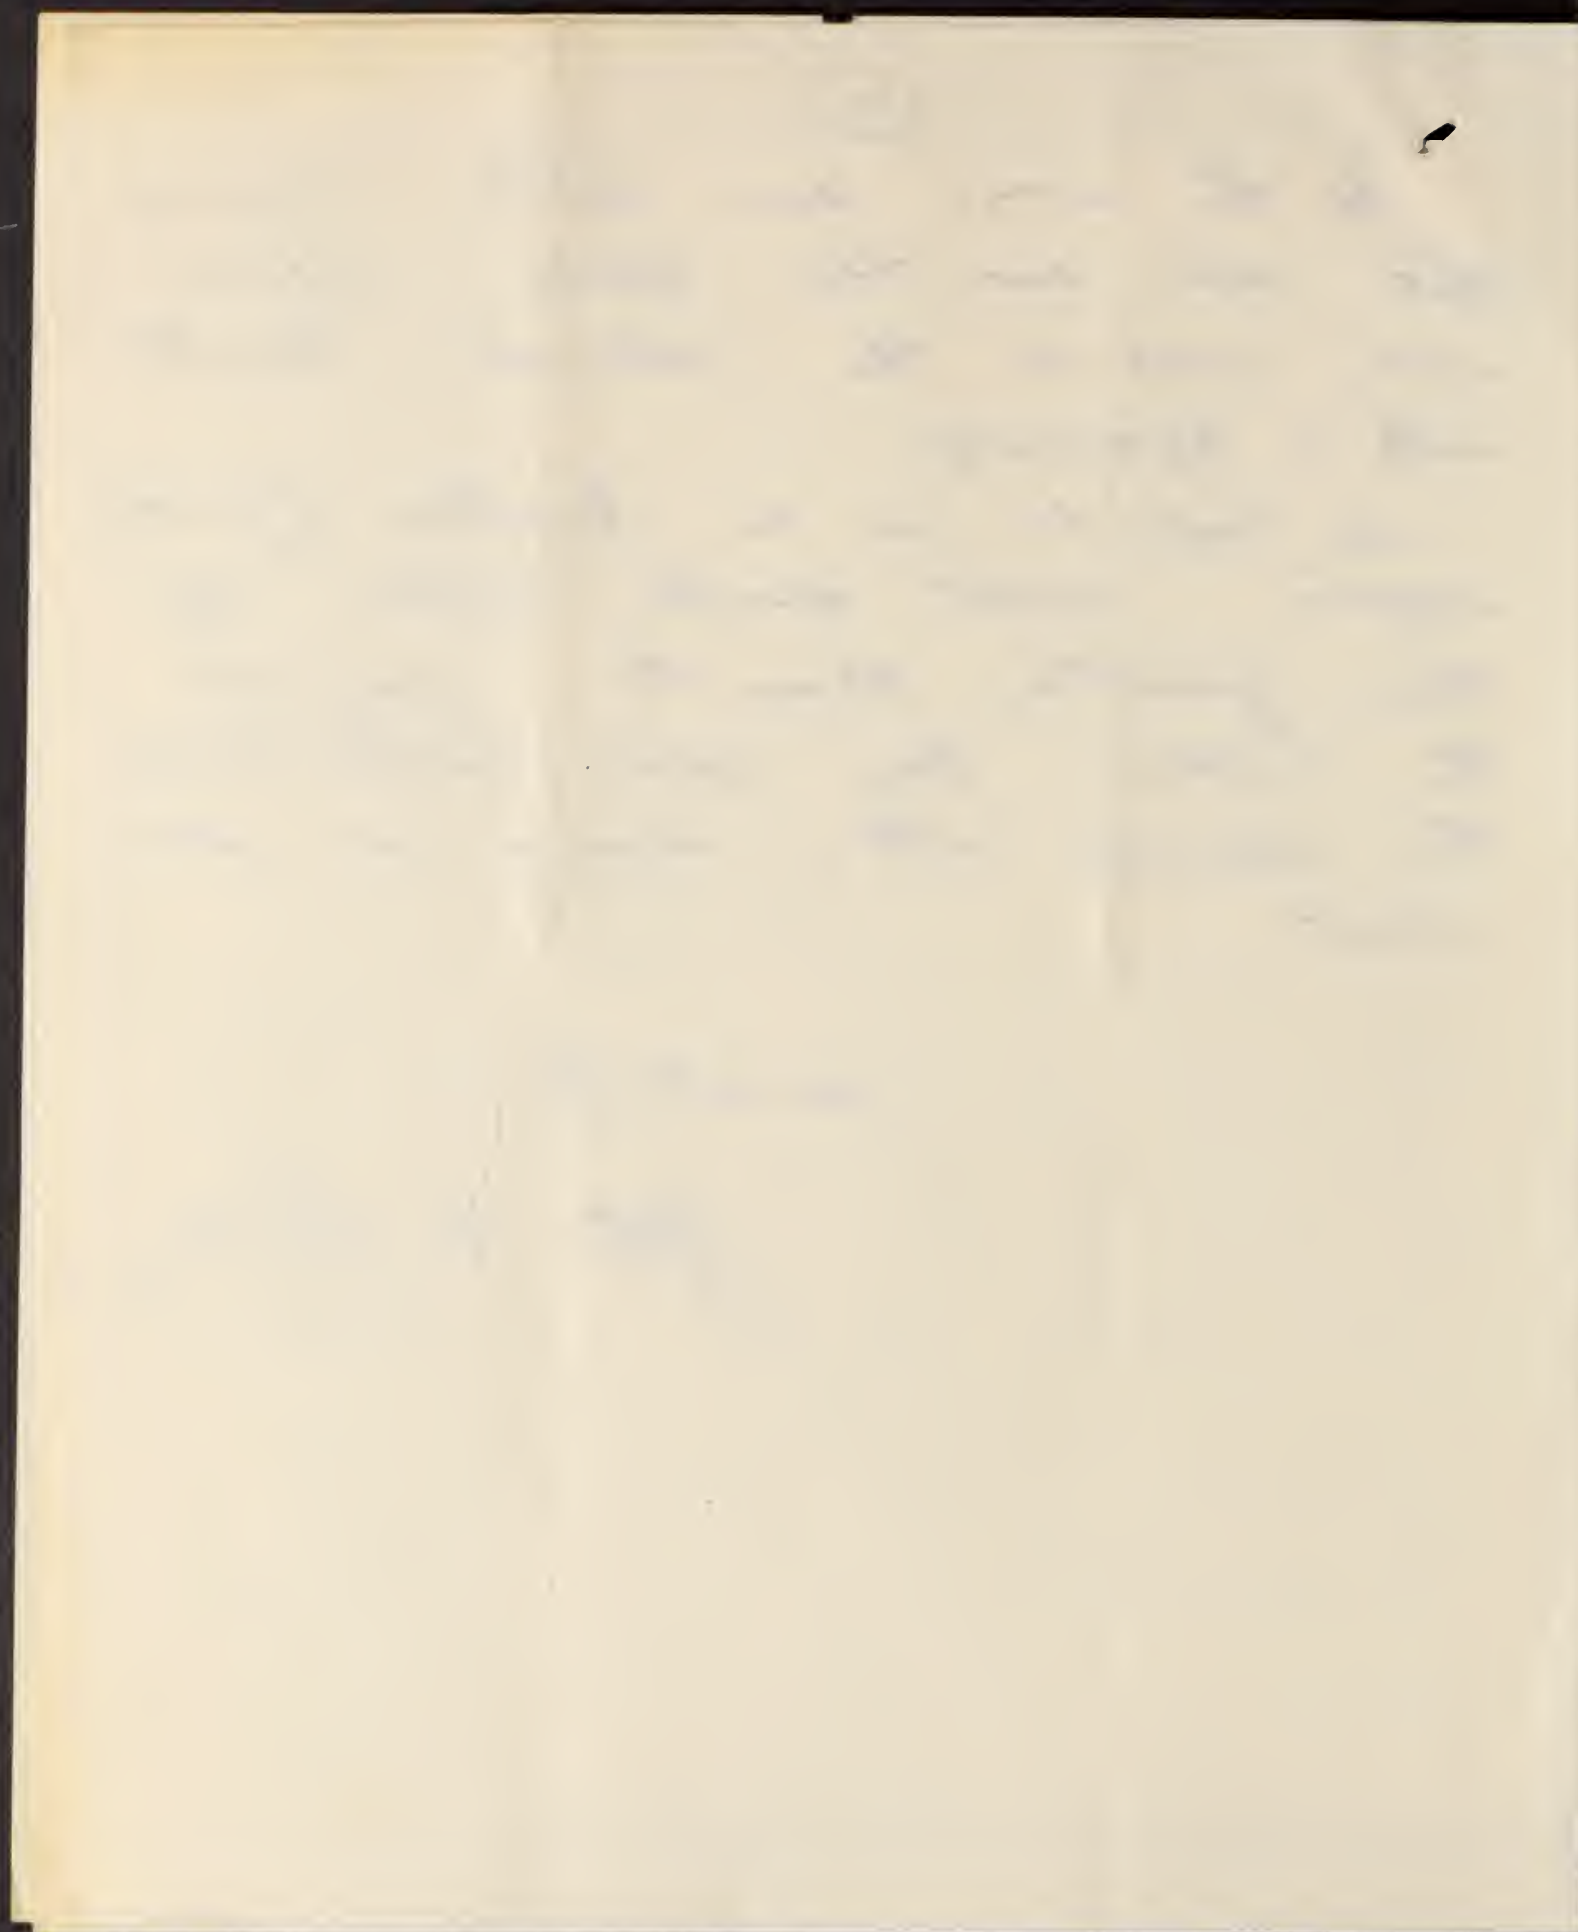

(v.)

By the way. Mrs. White claims  
that she has the bible which  
was used in the church together  
with a hymnary.

I hope to be in Eastern Canada  
again next year, and if  
time permits, plan to revisit  
the Collins Bay area, particularly  
the church site, should it still  
exist.

sincerely,

John B. Sarsley

Mr. George H. Ross,  
13567 Marine Drive, R. R. #1,  
White Rock, B. C.

Dear sir:

Your letter of 14th inst. has just arrived, and I hardly know just what my reply should be. I should begin by explaining that I have been interested in the history of local families and places and have been collecting data for more than twenty-five years. As a result, I have a great number of files on a great number of families--over 600 to be exact. This, of course, has been my hobby. Such being the case, I have made a point of making them available to descendants out of pure pleasure. However, when it comes to copying items, or compiling genealogies, I find that it involves too much of my time. In the past I have been earmarking items to copy, and have been hiring a typist to copy them. Her charges, therefore, must determine costs.

In your particular case I have a great deal of material, as follows:

1. Roblin family, with generations back to Orange Co., New York, prior to the Loyalist settlement here in 1784.
2. Hawley Family back to their arrival in America from Parwich, England about 1630.
3. Moore, U. E. L. from New York.
4. Miller, a Palatine German family which settled in Ireland about 1710, coming to America about 1761, and to Canada in 1784.

(Note: These last three families intermarried with the Roblins of your line.)

As to the Ross family, I have shortly ago copied many items from a scrap book, evidently maintained by John MacTavish Ross, a brother of your grandfather, Dr. T. H. Ross. The large portion of the items in this book have to do with the former. Several deal with the Doctor. There are a number of others which evidently deal with relatives of their parents--MacTavish, Kennedy, Ross, Ishister--all interested in, and employed by the Hudsons Bay Co. and the Northwest Company. All this leads me to ask you just how much you know about the ancestors of your grandfather. If you know a fair amount, these items might be of great interest to you. If not, it might be foolish to have them copied, since they might cloud the issue. Will you please reply regarding this point, in order that unwanted material might be omitted.

The scrap book to which I refer, belongs to an old family in this County. At the moment I cannot recall how they came by it, except the possibility that Dr. Kennedy, Jr., used to stay with them. There was also an old album. It contains a picture of Dr. Roderick Kennedy's wife's, as well as one of a John George MacTavish, who was either her brother or her father. I mention this as it might be of great interest to you.

I shall await your reply before deciding just what you might wish to receive from me.

Yours sincerely

PS/

I do not know Howard Burleigh. He may well belong to a branch of my family. There was a railroad family by this name in Smith's Mills a number of years ago.

Dr. H. C. Burleigh,

Bath, Ont.

Dear Sir,

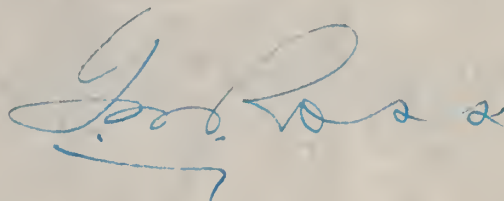

My friend, Jack Sarles of Vancouver, informs me he recently met you and ascertained you have compiled certain information concerning early residents of your district. My grandfather, Dr. T. K. Ross, as Acting Grand Master of A. F. & A. M. laid the corner stone of the new Methodist Episcopal Church near Floating Bridge on June 22, 1880.

Mr. Sarles has given me some photographs showing all that remains of this Church, viz some of the foundation stones of the shed, and it appears the corner stone disappeared when some road construction took place.

Will you please inform me your charge for a transcript of your notes which may refer to my Grandfather, and also to his wife's family, the Roblins. She was Ada Roblin. I have compiled considerable information about our family. There are some Roblins in the West but they seem to know little of their ancestors.

Yours very truly,

Geo. M. Ross

Mr. J. B. Smith,  
Bath, Me.

Dear Sir,

My friend, I have been of the opinion that you  
and associated you have carried on this information concerning early settlers  
of your district. I understand, Mr. J. B. Smith, is a very good friend of  
J. B. Smith. I have the corner stone of the new building of the  
Marine Drive on June 22, 1906.  
Mr. Smith has given me a photograph showing him that corner of this  
corner, viz. corner of the foundation stone of the shed, and it appears the corner stone  
disappeared from some wall construction back of it.  
If you please inform me how many for a manuscript of your notes which  
you refer to my friend, and also to his wife's family, in the office. The  
the Robin. I have compiled considerable information on the Robin. There are  
some Robins in the nest but they seem to have little of their nest.

Yours very truly,

Wm. J. Smith

 Died in Webster City, Iowa, Feb. 15th, 1883, Adaliza, the beloved wife of Dr. T. K. Ross, and eldest daughter of the late Hon. David Roblin, M.P., Napanee, Ontario, Canada, aged 41 years.  
 Mrs. Ross had been an invalid for two years, and for five months previous to her death was confined to bed. Her death is a sad blow and a serious affliction to Dr. Ross and his very interesting little family. Four children, the youngest of whom is seven years of age, are left without mother's care and a mother's love, comparatively among strangers in a strange land. During their residence in Webster City, Dr. Ross and his family have ~~enjoyed themselves~~ endeared themselves to many of our people, and in this sad affliction have the sympathy of the whole community.

Mr. Ross was a son of George Ross, who during his lifetime was an honored member of the Hudson Bay Company. Mr. Ross was a member of Maple Leaf Lodge, A.F. & A.M., at Bath, and was buried with masonic honors on Thursday morning at 11 o'clock at St. Johns Cemetery. He will be greatly missed and universally mourned in the village.
- Undated Death of J. G. McTavish, Esq.  
We regret to observe the death of this gentleman, so well known in America by his kindness and attention to the interests of young emigrants, and whose bold and manly character has so often been admired as delineated in Washington Irving's "Astoria." Mr. Mactavish was the brother of the Sheriff of Inverary, whose family is generally considered as the head of the clan Mactavish. For several years back, we understand, he has acted as President of the Branch of the Hon. the Hudson's Bay Company at the Lake of Two Mountains. His connection with this Company, and his long residence in Canada, has made him generally known there, and by his unwearied kindness and honourable conduct he has become endeared to a large circle of friends and countrymen.

We learn per Red River Telegraph that William Mactavish, Esq., Governor of the Hudson's Bay Company in this territory, has been knighted by her Majesty during his late visit to England. But that is not all, a second dispatch says that Sir William Mactavish, K.G., has been appointed Governor-General of the Dominion of Canada.
- Undated Clipping The Late Governor McTavish. He entered service with the Hudson's Bay Co. at about 16., and while still quite young obtained the rank of Chief Trader. At 26 he was appointed to the charge of York Factory, the principal Fort in the Northern Department. While Sir George Simp-

son was Governor, Mr. McTavish was removed from York Factory to Fort Garry, which, from the rapidly increasing business, had become a more important point than York. On the death of Sir George Simpson, Mr. McTavish virtually succeeded him, Mr. Dallas receiving the nominal title of Governor. On Mr. Dallas' retirement, Mr. McTavish received the actual appointment and retained it until his death. He died July 23, 1870.

Undated Clipping from the New Nation.

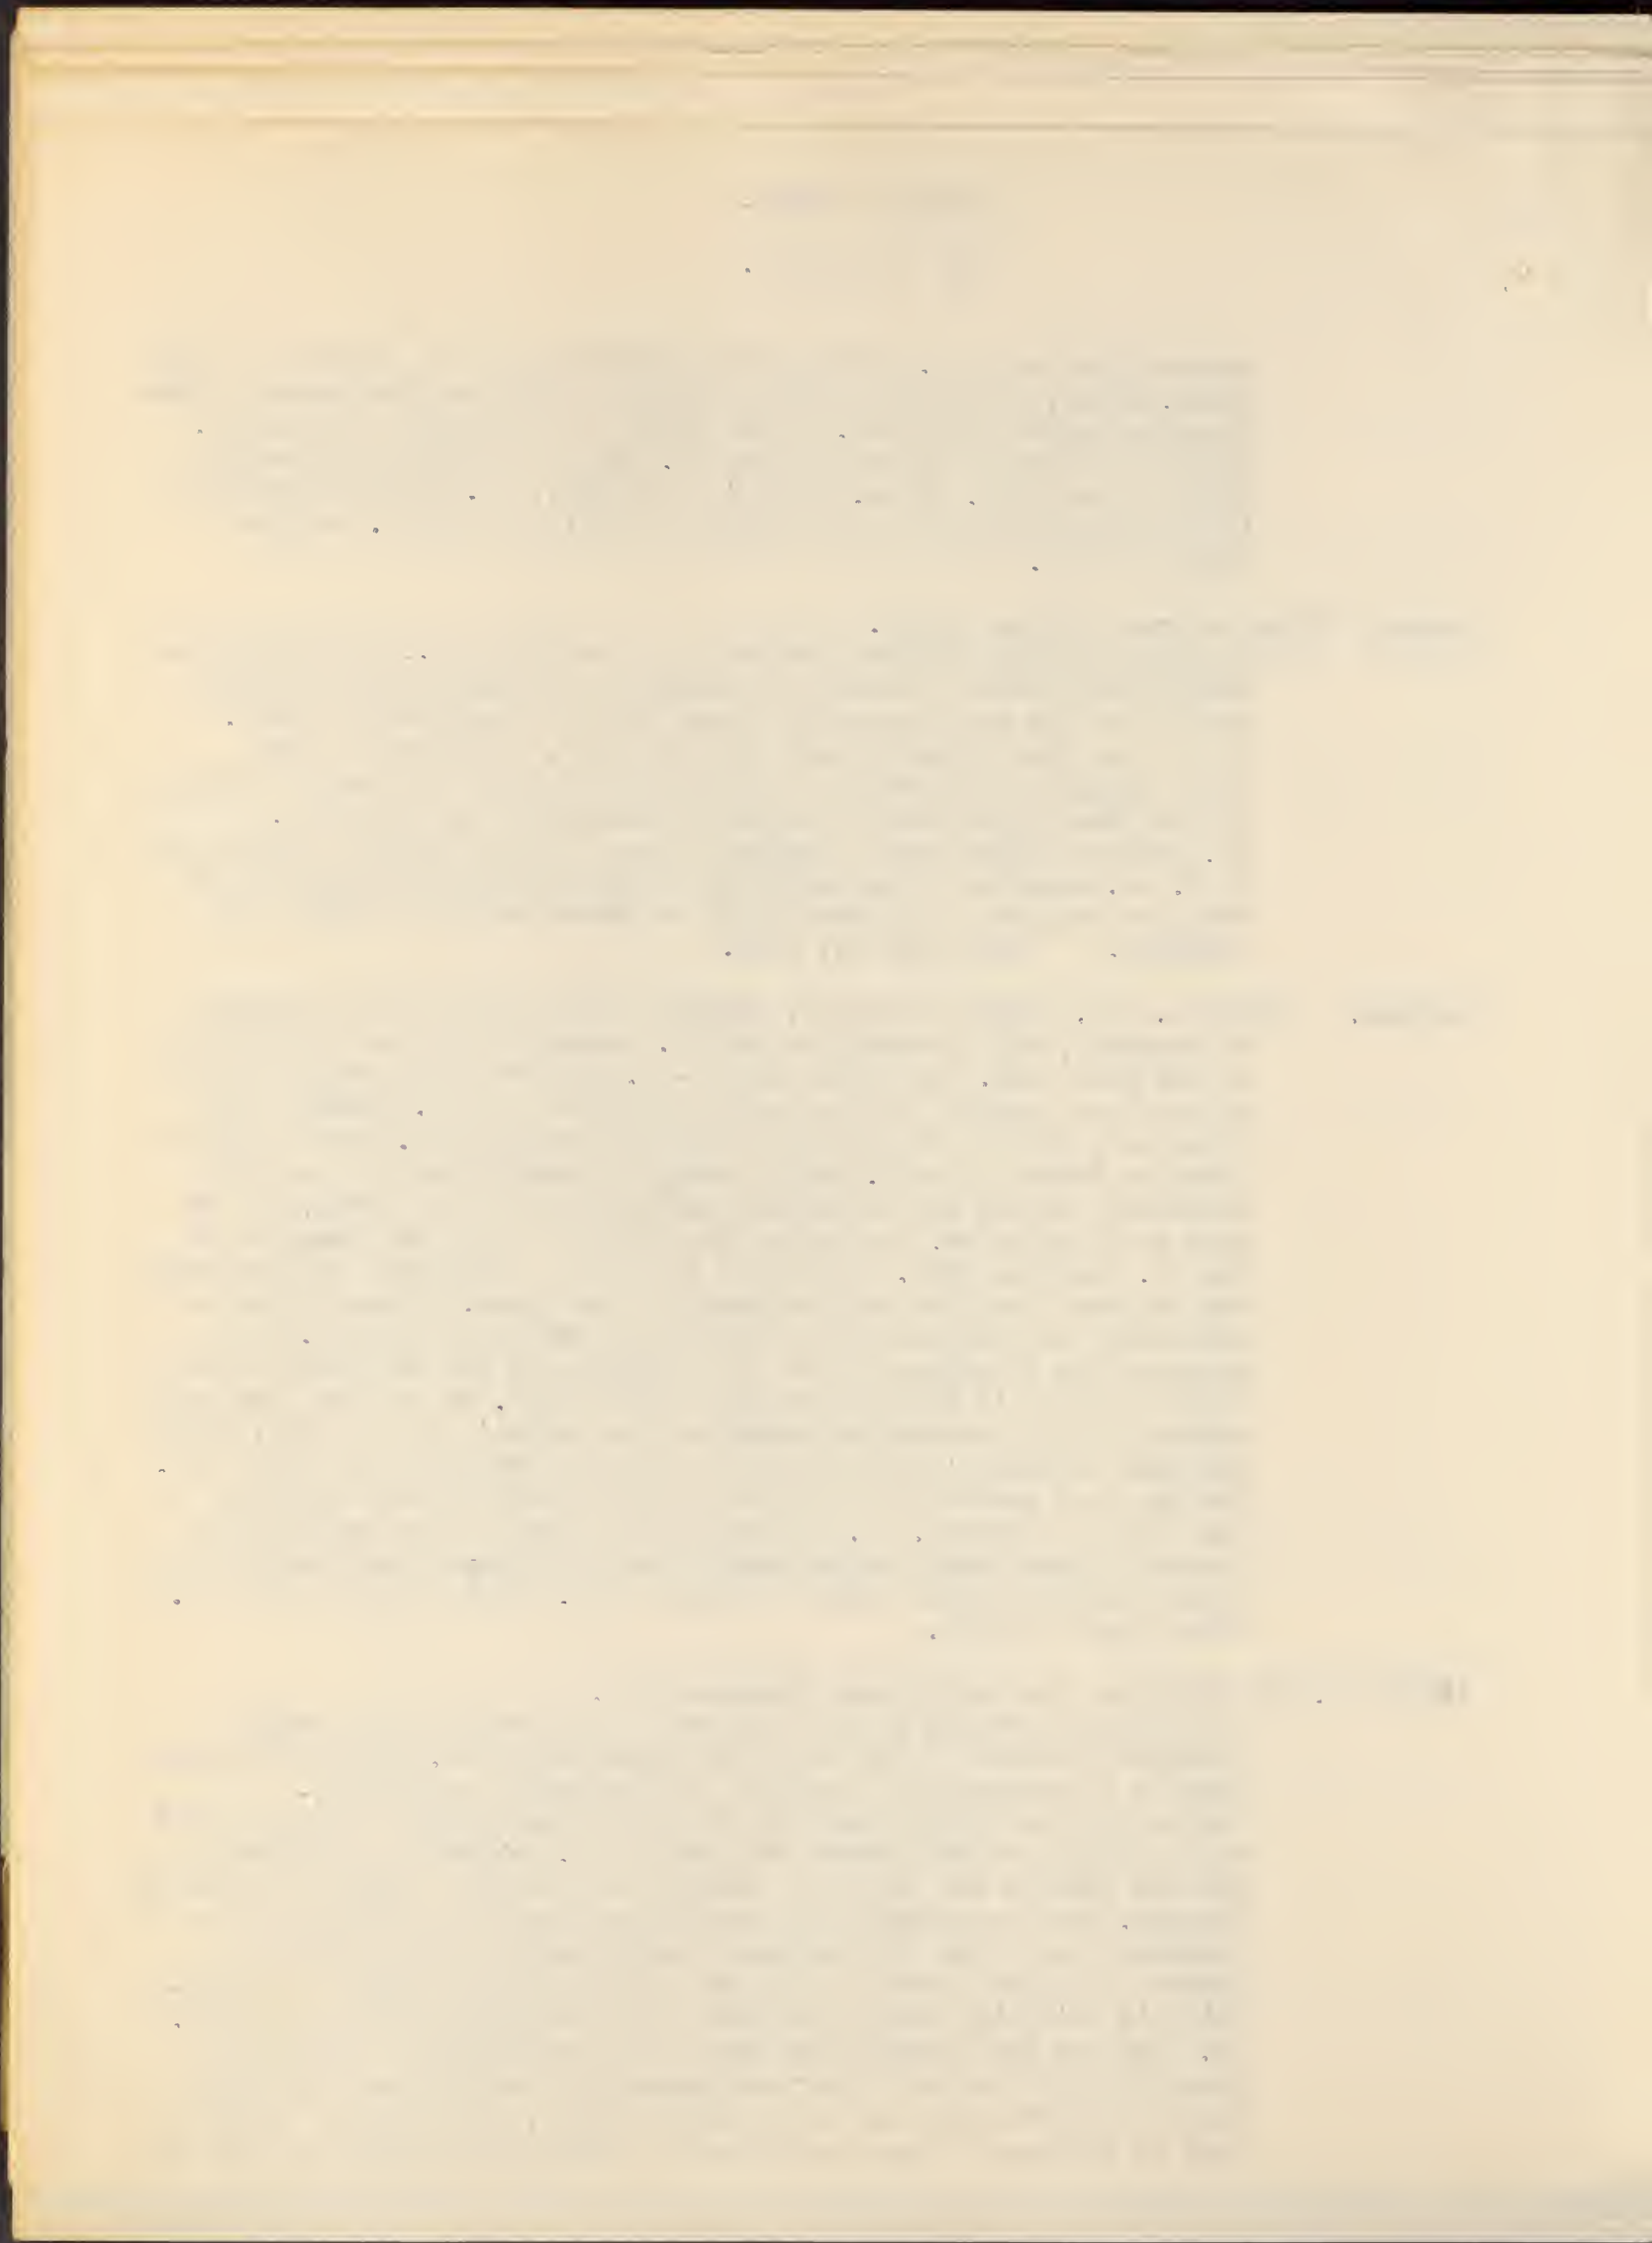

Governor McTavish died at Liverpool on the 23rd ult., two days after his arrival there; probably the rough sea passage in his extremely weak state may have tended to hasten the poor gentleman's death. As soon as the melancholy news was received, the flags at Fort Garry appeared in mourning at half mast, also in the town of Winnipeg at the Emmerling House, in respectful memory of the deceased. Mr. McTavish first came to Rupert's Land in 1833, when he entered the H. B. Co. service in the usual way as an apprentice clerk, and for the last ten years previous to his departure held the position of Governor. Died July 23, 1870.

Undated. Clipping. Mr. Dugald Mactavish, manager of the Hudson's Bay Company at Montreal, died suddenly at the St. Lawrence Hall, on the morning of the 24th inst. The Herald says:--Mr. Mactavish rose at his usual hour in the morning, and appeared in perfect health. Shortly after breakfast, he went to Matineau's bathing rooms on St. James' Street, where he ordered a bath. While bathing he complained of a sudden shivering, called the attendant, who assisted him to dress, and as soon as possible Mr. Mactavish was placed in a cab and conveyed to the St. Lawrence Hall. On leaving the cab he complained of faintness, and on going into the hall fell down to the floor. He was lifted up and placed on a sofa in the reading room, where he expired. The deceased was a brother of the late Governor of the Red River territory, who died in Liverpool a short time since. He was for many years manager of the western department of the Hudson's Bay Company, which embraced Vancouver's Island and a very large tract on the main land. For the last year and a half, he had the charge of the company's business in Montreal. Mr. Mactavish had charge of the Hudson's Bay Company claims under Oregon treaty, for many years, and brought them to a successful issue about four years ago. He was 55 years of age. (Died May 24, 1871).

1870, Feb. 28 Clipping, The Daily News, Kingston, Ont.

An editorial dealing with a similar one appearing in the London Standard relative to the claims of Hudson's Bay Co. and French settlers as to ownership of lands in the Northwest Territories. The article was called forth by an interesting letter on the subject of the claims of the French settlers by Mr. Isbister, a gentleman who was born in the Red River country and who is a nephew of Governor Kennedy. His associations in this respect probably make him better acquainted with the circumstances and history of the Northwest country than any person in England, and his contribution of information is evidently highly valued by the conductors of the STANDARD. Mr. Isbister has before taken part in the explanation of matters connected with the Red River settlement, and we believe his opinion is not without weight in the Colonial office, the heads of which have at different times consulted him. Should the matter of title be

## Ross Scrap Book.

raised in the course of the stipulations which the delegation from Red River are expected to make at Ottawa the question will become very important whether the Red River or Saskatchewan country belong to the Hudson Bay Company or not. Mr. Isbister and others who are from the country, and who claim to know something of its real history, and of the French settlers, have little doubt that as a matter of fact the claims or statements of the old French settlers are right, and that the claims of the Hudson Bay Company are wrong. For example, Dr. Kennedy, who addresses another letter on the subject, entertains such a view, and his opinions are gathered from those of his father, who was a chief factor of the Hudson Bay Company.

We may remark by the way that the historical question regarding the rivalry and the antagonistic claims of the Hudson's Bay Company against the Canadian Northwest Company will not lack for witnesses; and singularly enough Dr. Kennedy, whose connection with the Hudson Bay Company through his father and his brother ~~the~~ Governor Kennedy we have alluded to, is also connected, if we may use the term, with the Canadian Northwest Company, in which Company his wife's father (uncle to Governor McTavish of Red River) was a chief factor. In such a family naturally the affairs of both companies would become matters of close interest, and in the history of the affairs we would expect them to be intimately connected.

M.A., LL.B. Was born in Red River Colony, now Manitoba, in 1823, educated at University of Edinburgh with M.A., and then to London University, LL.B. Entered Middle Temple and later called to the Bar. For some time was headmaster of the Stationer's Company's Grammar School, London, and for several years editor of the EDUCATIONAL TIMES. Published numerous educational works which have been extensively adopted as text books in the principal schools of England. In 1872 was elected Dean of the College of Preceptors. In 1849 was appointed standing counsel and agent of the Red River Colony, and devoted himself to the task of breaking up the monopoly held over that colony by the Hudson's Bay Company, which had become an obstacle to settlement. Through his influence a committee of the House of Commons was formed in 1856 to investigate the situation. The result was that the Red River Colony came under the jurisdiction of Canada.

'It may not be uninteresting to many readers of this locality to learn that Mr. Isbister was a nephew of Dr. Roderick Kennedy, of Bath, Ont., and of Captain Wm. Kennedy, the Arctic Explorer (now residing in St. Andrews, Manitoba), who commanded two expeditions in search of Sir John Franklin. Our old friend, Mr. J. G. McTavish Ross, who was born in the Hudson Bay Territory, now residing in Deseronto, when a boy, thirty years ago, was a pupil of Mr. Isbister in London, and was under his charge for the last year and three-quarters of the seven he spent at school in Great Britain.'

1883, June 15. Napanee Express Clipping, relative to the biographical sketch of the late Alexander Kennedy Isbister. (much as in previous clipping)

'For the information of our readers we may state that Mr. Isbister was a nephew of Dr. Roderick Kennedy, reeve of Bath, and of Captain Kennedy, the Arctic explorer, now residing in St. Andrews, Manitoba. Dr. Kennedy and he spent their boyhood days together, and were educated at the same school. After Mr. Isbister established the East Islington Institute in London, Mr. J. G. McTavish Ross, of Deseronto, was one of his pupils. Mr. Isbister's last visit to Canada was in 1868, when he spent several days in Bath.'

Mr. Isbister was born at Cumberland House, on the Saskatchewan, in 1823. At the age of ten years he was sent to Orkney for education, under the care of his father's friends. When twelve years old his father, then a postmaster in the Hudson's Bay service, was killed by a wild bull at the Norway House, and this event, as is often the case, involved his earlier years in some difficulties, necessitating his return to Red River, where his mother had come to settle. Here under the able tuition and care of the late gifted Mr. McCallum, Head Teacher, St. John's Academy, he completed his school course, after which he entered the Hudson's Bay service. At the expiration of about three years he left his employment and returned to Scotland in company with his uncle, Roderick Kennedy, now a physician in Bath, Ont., and entered the University of Aberdeen, where both began the study of medicine. Shortly after, through loss of letter carrying money for fees, he was forced to turn to writing articles on various subjects, in order to furnish funds. His success caused him to abandon medical studies and pursue general studies. Shortly after he entered Edinburgh University where he graduated a M.A., with a double first. Then to London to study law. After being called to the bar, he found briefs few in number, so he established the East Islington Institution. Here in 1853 he was joined by his mother and two sisters and remained until 1860, when he became headmaster at the Stationers Company Grammar School at Bolt

1883, Aug. 1. Clipping, The Globe. The late Alexander Kennedy Isbister was of Orcadian (Orkney) descent, with a trace of Indian blood in his veins, was born in 1822, at Cumberland House, on the Saskatchewan River. His father was a Hudson Bay officer, and his mother was an older sister of Captain Kennedy, a well-known Arctic navigator. At the age of eleven young Isbister came with his parents to reside on the banks of the Red River, and received his early education at a school which developed afterwards into St. John's College, now inside the city of Winnipeg. At the age of sixteen he became a clerk in the Hudson Bay service, and spent three years in the far off Mackenzie River district. Returning to Red River, he was prompted to go to England by a desire to obtain professional education, and after taking a successful collegiate course he studied law and was called to the bar.

Dear Mr. Kennedy,

I have yours of  
the 1<sup>st</sup>, and will try and  
do all I can for your  
son in the matter to  
which you allude.  
He certainly ought to have  
been paid, and the neglect  
which you speak of is  
deplorable. Faithfully yours,

Head-Quarters, Medical Staff—Militia of Canada.

OTTAWA, AUG. 5TH, 1885.

CIRCULAR.

Gentlemen who served as Staff or Regimental Surgeons with the Militia Force in the recent operations in the North West, are hereby requested to forward to the Surgeon-General at Ottawa, on the enclosed form, statements showing surgical instruments, appliances, drugs, &c., obtained by them from the Government Stores, or purchased for the use of the troops,—from whom received, and what they had remaining on hand at the close of the campaign; also, what has been done with such unused stores—if delivered back to the Government, the names of the officers to whom handed over, and the date.

All Government property they may still have in their possession must be sent to the Surgeon-General without delay.

Surgeons who have not yet furnished statements giving history of cases committed to their care, on the form (case, diet and prescription book) provided for that purpose, are requested to transmit same, addressed to the Surgeon-General, immediately.

D. BERGIN,  
*Surgeon-General, Militia.*
